

Early Childhood Education *Home-Based Head Start*

Children's Home + Aid is seeking Early Childhood Educators for our Home-Based Head Start Program, which provides comprehensive services to support optimal child development outcomes for infants and toddlers.

For more than 130 years, Children's Home + Aid has partnered with children, youth, and families whose potential is at risk to create hope, opportunity, and bright futures. **Families count on us** to help put their children on the path to a better future—and keep them there with early childhood education that reinforces children's social and emotional growth and stability. The Home-Based Head Start Program supports children and their families through home visits, group socialization experiences, and other comprehensive services to support and strengthen the relationships between infants and toddlers, and their parents.
